📍 Sonepat, INDIA

## ABOUT ME

*Logic intrigues me and my love for logic could not have been better fulfilled by anything a majors in Computer Science and Engineering. I find computers very amusing and the beauty of these devices laying their foundation on 0 and 1 has truly mesmerized me. Along with this, I find keen interest in sports and other co-curricular activities.*

## ACHIEVEMENTS

### First Position

By the virtue of SGPA secured in 3 semesters, I am at first place in my college with an CGPA of 8.61

### 5 star on Hackerrank

Proud to share that I have been given 5 stars by Hackerrank in Python for Problem Solving.  
Hackerrank Profile

### Codechef

Highest rating - 1502  
Solved more than 350 problems  
Codechef Profile

## PROJECTS & CERTIFICATES

### Responsive Web Design

#### FreeCodeCamp

- Certificate
- In this certification, I went across building various projects along with the help of detailed FreeCodeCamp coursework amounting to 300 hours of work.

### Skyline

#### FreeCodeCamp

Created a city skyline using HTML and CSS embracing nature with technology. The beautiful day transitions into peaceful night just by reducing the tab's width.
