ABOUT ME

I am passionate about learning and have a strong foundation in the Java programming language. I have experience in front-end development, which complements my aspiration to become a software engineer. Driven by my fascination with emerging technologies, I consistently dedicate myself to completing tasks to the best of my ability.

Projects & Certificates

Core JAVA Course
Internshala

- Certificate

- In this certification, I have got in depth knowledge of java fundamentals, Object Oriented Programming, GUI tools, Error Handling, Database Management System and many more concepts.

Hospitality Management System
This is a project which I have made using Java and MySQL. It keeps a record of the guest id, room no, reservation dates and room availability.

Tic Tak Toe Game
This is a project which I have made using HTML, CSS and JavaScript. It is a two-player game.

Yearly Calendar
This is a project which I have made using C Language.

Word Counter
This is also a project which I have made using Java. It counts the number of words in a row or paragraph.

You can check my projects by going on my GitHub id, I have posted all my projects there with the source code.

Hobbies

- **Travelling**

- **Dancing**

- **Reading**

LIFE PHILOSOPHY

"Work hard until you achieve your goals."

Internship & Achievements

🏆 **Intern at AICTE internship (12 feb,25 - 12 March,25)**
I am pursuing a one month online AICTE- Internship on AI: Transformative Learning with TechSaksham - A joint CSR initiative of Microsoft &SAP, focusing on AI Technologies.

🏆 **Participated in SIH 2024**
I along with my team has worked on a project which was related to online appointment booking system in hospitals

🏆 **Finalist of NEC (IIT Bombay) 2024**
Being an Associate Vice President of E-Cell, DCRUSTM, our society got selected for NEC Finals. We visited IIT Bombay for Finals.
